we are living in a new era in the united states of america part of what comes with this new territory is the result of a very intentionally played long game that has worked for over sixty years to bring about these changes those who have worked so hard to change manhood and masculinity have done so with no regard at all for god or his plan these organizations and their members have been relentless in their pursuit of removing god and his plan from our society the long game has been played to perfection and now we who love the lord and his design for man must make changes in order to take back the ground which has been stolen we must be willing to do so with a wit whatever it takes mentality because the cost has been way too high before another generation of boys grow up without understanding what real manhood and masculinity are supposed to look like we who love the lord and america must stand in this great read matt lays out the problem and how we got here he gives you an assessment that must come before the fix he then demonstrates the correction that is necessary to reverse the current state of affairs lastly matt walks through the reality of biblical manhood

twenty five years ago when pat robertson and other radio and televangelists first spoke of the united states becoming a christian nation that would build a global christian empire it was hard to take such hyperbolic rhetoric seriously today such language no longer sounds like hyperbole but poses instead a very real threat to our freedom and our way of life in american fascists chris hedges veteran journalist and author of the national book award finalist war is a force that gives us meaning challenges the christian right s religious legitimacy and argues that at its core it is a mass movement fueled by unbridled nationalism and a hatred for the open society hedges who grew up in rural parishes in upstate new york where his father was a presbyterian pastor attacks the movement as someone steeped in the bible and christian tradition he points to the hundreds of senators and members of congress who have earned between 80 and 100 percent approval ratings from the three most influential christian right advocacy groups as one of many signs that the movement is burrowing deep inside the american government to subvert it the movement s call to dismantle the wall between church and state and the intolerance it preaches against all who do not conform to its warped vision of a christian america are pumped into tens of millions of american homes through christian television and radio stations as well as reinforced through the curriculum in christian schools the movement s yearning for apocalyptic violence and its assault on dispassionate intellectual inquiry are laying the foundation for a new frightening america american fascists which includes interviews and coverage of events such as pro life rallies and weeklong classes on conversion techniques examines the movement s origins its driving motivations and its dark ideological underpinnings hedges argues that the movement currently resembles the young fascist movements in italy and germany in the 1920s and 30s movements that often masked the full extent of their drive for totalitarianism and were willing to make concessions until they achieved unrivaled power the christian right like these early fascist movements does not openly call for dictatorship nor does it use physical violence to suppress opposition in short the movement is

not yet revolutionary but the ideological architecture of a christian fascism is being cemented in place the movement has roused its followers to a fever pitch of despair and fury all it will take hedges writes is one more national crisis on the order of september 11 for the christian right to make a concerted drive to destroy american democracy the movement awaits a crisis at that moment they will reveal themselves for what they truly are the american heirs to fascism hedges issues a potent impassioned warning we face an imminent threat his book reminds us of the dangers liberal democratic societies face when they tolerate the intolerant
